

ADA Information

FSU ADA RESOURCES/CONTACTS

The Americans With Disabilities Act (ADA) provides that no qualified individual with a disability be denied access to or participation in services, programs, and activities at Florida State University. This act applies to virtually all aspects of campus activities, including employment, student programming, and services provided to the community at large. As part of the University's campus-wide ADA compliance program, the links on this webpage provide you with many ADA and disability-related resources. As a student at FSU, you can access services through the Student Disability Resource Center (SDRC), www.disabilitycenter.fsu.edu and the website link on the Dean of Students page. Any questions pertaining to faculty and staff with disabilities can be addressed through Human Resources by the Assistant Director of Human Resources; Ms. Amber Wagner is the Florida State ADA Coordinator. Students, faculty and staff on the Republic of Panama campus can contact the Vice Rector for Academic Affairs in order to report disabilities or request access to special accommodations.
